Keeping our local Doctors up to date with Loveday news

## Loveday Kensington Blossoms in Spring

Members at Loveday Kensington have certainly been living their lives to the fullest as they settle into their new home. They have enjoyed the warmth of the local neighbourhood as well as an enriching programme of activities and experiences curated around their hobbies and interests, led by the award-winning Robert Speker.

Celebrating the Queen's birthday with tea tasting and a cocktail mixology session (making Her Majesty's favourite Dubonnet cocktail) was certainly a highlight! Our Members also enjoyed an abundance of Loveday Arts workshops,

opera and a visit from Penelope the Pomeranian for some pet therapy in our Extraordinary Days programme. One of our Members also enjoyed having a birthday wish granted with swimming at the Harbour Club!
